“ Dick was a man full of life. Smart. With many talents, I usually got to keep tabs with him as we crossed paths every Spring and Fall at Friendship, IN, most recently about 3 weeks ago. Was sorry to hear of his sudden passing. It was great to know that he found some deeper meaning and contentment with God, and life, in the last few years. I'm sure that has only deepened and solidified the impact of his legacy on your family. Prayers going your way.

“ Linda and I were so sorry to hear of Dicks passing. Over the years his friendship meant so much to our family. Steve will always remember Dick putting him in the back of a pickup with a huge snapping turtle and a ball bat. Suzi remembers Dick saving her face. Dick had her shooting a large caliber handgun and was standing behind her. He told her it would kick, and when she fired he reached around and kept the gun from coming back in her face. Learned so much from Dick over the years and enjoyed many beers together. He will always have a place in our hearts.
