“ I miss and love you . I will find out exactly who is responsible for your passing and I do know enough about it to know Jessie is correct that it definitely was NOT an accident. I also know for a fact that Brenda Johnson-Mann was somehow involved or manipulating the responsible person from the side lines. I will finish what Jessie started in the WD case because I know in my heart that it was not wrongful it was murder.

“ Thankful I was able to stop by for just a little bit today. I have very fond memories of Greg and I encouraging one another after school with some 'iron sharpens iron' talks. Thank you Jesus we don't grieve as those who have no hope! Will be a blast to hang out with Greg again in eternity!  
  
Kelly and Tanner, I've said many prayers for you today and will say many more. May He be your strength.
