“ I was so sorry to hear about Jean. I worked with her at the hospital for many years and we became good friends. We had a lot of laughs and she liked to tease me about cleaning and changing things around all the time. She was a good nurse and a kind friend. We spent a lot of time in OB together and spent many hours talking about our families and life. She and Eddie stopped down at the river and visited with us several times after I retired. I sent her a birthday card last May and said we were going to have to get together. Now she is gone and its too late. I wish I could have said good-bye. Girls you had a good mom and she loved you both so very much. I will miss her.
