“ Melissa, was an exceptionally gifted student and exceptionally talented teacher of young children. She contributed greatly to the lives of children in her care and provided a model of excellence for fellow teachers of young children that she worked with in her various programs. Melissa's many contributions will live on and be expressed in the work of teachers' she influenced; as well as in the acts of all who came in contact with Melissa. There were many educators and families who benefitted from her talents and humanity.

“ *There is nothing we can say that can relieve your hurt. We loved her. She was one of the sweetest, kindest and most family focused people I have ever known. I loved the way her eyes smiles before her mouth! She loved her students. Her teaching was God's gift to her students. We are all blessed to have known Melissa. Heaven is a happier place now that she has arrived??*
