“ I was privileged to have Patty in more than half of my life. She was one of my dearest friends that I also considered and loved as my second mother. She was one of the sweetest and most caring people I know and her departure will leave a huge void in the many lives of those who knew and loved her. As sad and heartbroken as these last few days have been, we must be comforted in knowing that she is home in Heaven and that we will meet again someday. All my love to you, Patty, and my deepest sympathies to her family.
