“ Aunt Jean, I'm so thankful for the visits we got to have together. Your smile could light up a room. I even got to paint your nails because you always wanted to look your best! You will be greatly missed by my family and myself but I have comfort in knowing that you are no longer lonely, sad and confined to the bed in the nursing home. I hope you are surrounded by family who loved you and has gone on before. I hope your reunion with your daughter, your mother and father and so many who you have missed is a joyous time. Your seizures are finally completely gone and may you rest in peace forever. Our heart hurts that you had to loose so much time with you but are joyous for the time we have had the past many years. We love you we always have and always will! Until we meet again may you forever have that beautiful smile that you was so happy to share with all who appreciated you! Your Niece
