“ We first met Tom in the fall of 1968 when Denny became the pastor of the Sinking Spring Charge. Tom would have been 18 years old at that time. We saw him become a teacher, marry Sandy, have a son and later take over his dad's service station. We were so sad to learn of his death. We send our sympathy and love to the family and will keep you in our prayers. We especially pray for those grandchildren who will miss him a lot.

“ I was so sorry and shocked to hear of the passing of my former student and good friend, Tom Reed. He was an integral part of the Reed family that so graciously accepted me as a part of the community and in many ways of the family when I taught at Franklin School. I was always proud to see the level of leadership that Tom inserted himself into in his community, which reminded me so much of the important roles his father Harry played. My best and my sympathy to the Reed family.

“ Sandy Todd sorry to of your loss, Tom was a great guy. From working for him as teenager, to just sitting and having great conversations. We have laughed and had a lot of fun there at the station. I am sure he will be missed by a lot of people, I know not living around there anymore I have missed out on a lot more fun that has happened. I know when I did come back to visit that was one of my stops, and as always Tom would have me laughing about something before I left. Tom Rest In Peace will see you when the good lord calls us home

“ Prayers for the entire family. Tom was a good friend and colleague. He always shook your hand and made you feel like the most important person in the world. The community has lost a great man. I'm glad we had a chance to have him as a teacher at PES, and I will miss stopping by the garage to do business and shoot the breeze.

“ Oh Sandy we are so sorry for your loss. Tom was a special person, to say the least. Larry said he would really miss Tom when going to Locust Grove to have oil changes and tire changes at the garage. I will miss his leadership in the pulpit at church, he was always ad-libbing and kidding around with birthdays and anniversaries. Tom was always concerned about you when you were not feeling well. He enjoyed going to Smokies. So many things I remember about Tom and they were all good. He was a caring person. I feel proud to have known him. Prayers to you and your family.

“ *Tom was one of my all time friends and very good one at that. I always liked going to Tom's business and tormenting him about different things that he and I shared together. From basketball, officiating basketball games and the educational process in our system. Tom was always about the kids in the school district and always wanted to see the educational process improve. Tom was a great math Teacher and always talked about why the kids weren't improving in the subject. This one friend that I personally am going to miss for the rest of my life that I know for sure. I would torment him about being a board member for the school system when are you going to change this when are you going to change that. He would go to board meeting that night and tell Judy well Browning was in to see me today and raising cane again just like always. The previous message was my way of stirring to0m up to see what he would tell Judy and I can assure In was only tormenting Tom and loved every minute of it. Sure going to miss you Tom. G.B.*
