“ Dear Grandma, I wish I could come and see you and your husband and your kids but I can't sadly. I figured you would live to be 100 but I think the lord had a different thought. Did you see me say a speech at your funeral? You looked gorgeous in your casket you looked like a princess. I was so nervous to say my speech but I just thought of you the whole entire time. I bet your doggies miss you just like Sam, Danny, Nanna, and me. Oh and don't forget all the other people that miss you. You didn't want the doctors to do anything to you which is okay, because it mattered what you wanted not what everybody else wanted. I hope you have fun in heaven, please send me a note or something, I miss you!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

“ So sorry for your loss. Your mom and I were friends for years but had moths touch in our later years.

“ *I love you and miss you Mom. I won't get to bring you coffee anymore, but when I have my first cup in the morning, I will think of you having it with me. I wish we all could have had more time with you, but you are now singing with the angels with a clear strong voice and eyes that can see clear as well. There's no worries in Heaven and one day I will see you again.*
